- AuguStar
- Foresters
- Kansas City Life
- Mutual of Omaha
- Transamerica

Automatic — No SureLC request

Links sent to your PNCL email

- Ethos
- United Home Life (UHL)

Carrier assignments change. The PNCL Hub always has the current list — check it before you submit a request.

The one rule: create a separate account in each SureLC and request only the carriers listed under it. The names are nearly identical — check the agency name in the top corner before you start. A request in the wrong system is invisible to PNCL.

Q My login doesn't work, or I never set a password.

Your user ID is the email your invitation went to. If you never set a password, use **Forgot Password**. Each SureLC is a separate account, so you'll set up three. No account there yet? Use **Register New Account**.

Q I submitted my contracts. One came back incomplete.

Open **Contracting Requests** in that SureLC. **Not Requested By Agent** means it was never sent — submit it. `At Producer` means something is missing on your end; open it to see what. Fix it, then email your admin to move the ticket.

Q Mutual of Omaha asks if I'll sell Final Expense.

Answer **Yes**. It's under **Producer Questions** in the Mutual of Omaha request (SureLC #3).

Q How do I know where a request stands?

Check the status under **Contracting Requests**. `At Producer` — with you; open it to see what's missing. `At BGA` — with PNCL for review. `At Carrier` — in the carrier's queue.

Q How long does carrier approval take?

Most approvals come back within a week; a few take closer to three. The clock starts only once a request moves past `At Producer` to PNCL.

Q I got my writing number. Now what?

Store it in your PNCL Hub profile right away: **Dashboard → Profile → Carrier Logins → Add**. Enter your carrier username, password, and writing number, then save.

Q My signature was rejected.

Sign your **full first and last name** — initials are rejected. A trackpad or your finger on a phone works; it only needs to look like your normal signature.

Q Do I need E&O before I can be appointed?

Yes — **$1M per claim / $3M aggregate** minimum. Already covered? Upload the **declaration page**, not the invoice or certificate. Not covered? Buy a policy through SureLC. Once it's in Profile Documents, every request pulls it automatically.

Q How do I complete AML training?

In SureLC: **My Info → CE & Training**. Take the free SuranceBay course, or use **Start Training** for LIMRA or another provider, then link that login in the same tab so the certificate feeds in on its own. Every request then carries it. Renew every 2 years.

Q Transfer form rejected — "Proof of Business" blank.

Transamerica requires a client name and date of birth there. It's a placeholder — anyone other than you or your upline. Fill it in on the new form, sign, and tell your admin to resubmit.

Q I'm coming from another IMO. Anything different?

All carriers require a release from your previous IMO or impose a waiting period. Downlines under an old contract (F&G, for example) must be terminated or transferred with that carrier. Tell your admin up front which contracts you held before — it saves weeks.

Q I've submitted every request. What happens next?

Your admin opens the New Producer ticket. As each carrier approves you, a welcome letter arrives with your writing number.
