Client Approval Call Script

"Hey [Client Name], it's [Your Name] — with the Mortgage Protection! I've got some news for you today. Do you want the good news first... or the bad news first?"

"Okay so here's the deal — the GOOD news is: **you're approved!** Everything went through and your policy is active."

"And the BAD news? Well... you're stuck with ME as your agent. For life. Sorry about that one."

Pause for the laugh.

💳 If Payment Has NOT Come Out Yet

"I also want to give you a heads up on your billing. Your first payment is scheduled to come out on **[Payment Date]**, so just make sure you've got things set on your end so everything processes smoothly."

✅ If Payment Has Already Processed

"Your first payment already came out on **[Payment Date]** — so you're all set there! Going forward, you'll see that same amount come out on the same date each month."

"So let me just do a quick review of your coverage so we're both on the same page. You're enrolled in your **[Policy Name / Plan Type]**."

"Now, before I let you go — I did want to mention one thing. We do have a higher level of coverage available that gives you a little more protection for a small increase in your monthly premium. It's totally up to you, but I wanted to make sure you knew the option was there. Are you happy with where you are right now, or do you want to scoot up to the better option they are offering you?"

"One important thing — please don't make any changes to your policy or answer questions on behalf of anyone else. This policy is yours, and any changes need to come directly from you."

"And please, if you ever want to make any changes to your coverage — even if someone calls you saying they're from the insurance company — **always call me first.** Don't make any changes without running it by me."

"Do me a favor — go ahead and save my number in your phone right now if you haven't already. You can save it as **[Your Name] — Mortgage Protection** so you always know it's me calling."

"This is the number I'll always call you from. If you ever get a call about your policy from a number you don't recognize, **do not engage** — just call me back directly and I'll sort it out for you."

"Alright [Client Name], that's everything I've got for you today! You are officially covered and taken care of. I'm always just a phone call away if you ever have questions, need to make changes, or just want to chat about your coverage. It is genuinely my pleasure to be your agent — even if you are stuck with me forever. You have a wonderful day and I'll talk to you soon!"
